TELEPHONE: (252) 793-9101

FAX: (252) 793-6738

PUBLIC NOTICE

On Friday, July 10, 2020, the Code Enforcement Officer's observed a drastic change to the crack that was previously repaired on the dilapidated property located at 101 and 103 East Water Street in Plymouth, North Carolina. The Interim Town Manager directed the Code Enforcement Officer to contact a structural engineer.

Based on this information, conversations with the School of Government, and reviewing North Carolina General Statute 160a-296 (a) (4) & (5), the Interim Town Manager instructed staff to immediately close the portions of Washington and Water Street, where impacted, to ensure the safety of pedestrians and vehicle traffic until further notice. There was no other choice but to immediately block access to this area to secure the safety of citizens and prevent liability of the Town.

On Sunday, July 12, 2020, staff attempted to contact the property owner via phone and email unsuccessfully. We hope that we can work with the property owner to come to address these issues.

During our regular scheduled meeting Monday, July 13, 2020, Council will discuss this matter further. We apologize for any inconveniences this may cause, but safety is our number one priority. We thank you for your patience as we expeditiously address this issue.

Best regards,

Vershumn (Shawn) Hawkins, Mayor
Town of Plymouth
